*W*e are very excited to bring you our 3rd Annual Beyond The Banners Show heifer sale. As you will find throughout this offering we are passionate about cattle with high phenotype and cattle that are productive. It is our goal to offer you these heifers and they go on and are successful at every level of the show industry. We feel we have a unique opportunity to be able to do this in a little different way as we have set out for such a high standard for our donors that we have females that can produce not only high-end show cattle but also cattle that can go on and be productive once they have retired their show careers and entered into a production stage of their life for their new owners.

Throughout this offering you will find females that we have hand selected that we feel have what it takes to be competitive show heifers at any level they are exhibited. Many are ET progeny and from some of our most elite cows from our donor pen. We are committed to producing high end cattle to you for your success. It is in our plans to continue to offer heifers of this caliber for years to come.

If you have any questions about these heifers please do not hesitate to call! We would love for you to come out and visit to view these heifers, just give us a call and we will make sure we are available to tour you through them.

Sincerely,
Jason Upchurch
David Cagle
