Welcome
TO OUR SPRING PRODUCTION SALE!

We would like to personally invite you to our Spring Production Sale on April 10. We're excited to share this set of cattle with you, as it represents some of the best donor-quality and donor-prospect females we've ever offered.

From day one, our goal has been simple: build a program around cow families that consistently prove themselves. That focus has shaped our herd and helped us create the kind of dependable, high-quality cattle we are proud to stand behind.

This year's offering includes a wide range of our top Angus genetics. No matter what direction you're looking to go within the breed, we believe you'll find females here that can make a meaningful impact in your operation. We've held nothing back to make this one of our strongest sets to date.

We'd love to have you stop by, look through the cattle, and visit with us. If there's anything we can do to help, please don't hesitate to give us a call.

Thank you,
